

ALFREDO RESENDIZ BARRERA

(427)1092310 - Queretaro, Mexico (Open to Relocate) - resendizbaalfredo20@gmail.com -
www.linkedin.com/in/alfredo-resendiz-ing

Aspiring Data Analyst with a background in software management and development, and hands-on experience in data analysis, reporting, and dashboard creation within technical environments. Skilled in Python for data handling, requirements gathering, and transforming operational data into actionable insights. Strong interest in growing into data-focused roles.

PROFESSIONAL EXPERIENCE

QC Intern

2021 -2022

Delivered technical support across South American and Caribbean regions, specializing in installations, WL, MW, and FTTX via an internal platform.

QC Engineer

2022 - 2026

- Cleaned, validated, and transformed operational datasets from multiple regional sources to ensure accurate reporting.
- Segmented operational data by country, technology, incident type, and lifecycle stage to identify trends and recurring issues.
- Developed and maintained Power BI dashboards tracking KPIs, incident lifecycle, equipment performance, and operational efficiency across Argentina, Chile, and Peru.
- Performed exploratory data analysis to identify bottlenecks, anomalies, and process improvement opportunities.
- Collaborated with stakeholders to gather reporting requirements and deliver data-driven insights.
- Provided remote operational support for 4G, 5G, MW, MBB, and FTTX deployments.
- Improved workflow efficiency and standardized technical documentation for WL and MW installations.

EDUCATION

Universidad Tecnologica de San Juan del Rio

2018-2020

TSU in IT (Multiplatform Software Development Area).

Universidad Tecnologica de San Juan del Rio

2020-2022

Engineering in software management and development

COURSES

- CCNA Roting and Switching: Introduction to networks
- Programming Essentials in Python
- Software test excecution certification
- Introduction to cybersecurity
- Introduction to Data Science
- Introduccion to Power Bi

SKILLS

- Language: Spanish (native), English B1
- Skills: Python, HTML, Android Studio, JS, Version Control(Github, Bitbucket), Dart, Angular, Visual Studio Code. Power BI, Railway, SQL, Microsoft Office (Word, Power Point, Advanced Exel, Outlook), Power automate
